

News From Your TOWN HALL

Like the Arab who gets in a hurry before the Carnival... "folded its tents and silently stole away in the night."

It opened up on Tuesday the 10th and ran until Saturday—five days.

The number of shows, rides, games—one Commissioner described it as "one of the best centage games of chance—etc., were from 23 to 27."

The Town Ordinance calls for \$150 daily for the first three and \$25 daily for each additional day. If there were 23 additional days the total daily cost would be \$850 in licenses, or a total for five days of \$3,250.

This carnival was sponsored by the Fire Department, it is reported, and due to the ill-timed arrival of the carnival the town didn't want to go. Hence the percentage coming to the Firemen wasn't so good—How good the Fire Chief doesn't know yet.

Disaster And Relief Committee Functions Handles Job Smoothly

"Proper respect for these tropical hurricanes on the part of the people makes it easier for our Committee to handle the job because our rules of procedure are readily followed by the very people we are trying to aid," said Guy Bender, local chairman of the Red Cross Committee.

"The elaborate set-up for receiving hourly reports by radio, short wave, telephone and telegraph from the Miami Weather Bureau insures our local Committee the fullest and quickest information on the location, path and probable future movements of a storm. The assistance of the Army and Navy and increased facilities of the Weather Bureau make available practically everything desirable about a storm."

With a total of over 20 members of the local committee, two meetings were held Wednesday and decisions made about evacuating—and this was left entirely to the local Committee—and about getting those who stayed to places of safety.

Just as smoothly and efficiently, plans had been laid to feed, house temporarily and conduct rescue, first aid, rehabilitation, etc., had the storm hit. The members of the Committee for their hearty cooperation and willingness to take hold whenever asked. Cooperation like this, enjoyed with this makes a difficult job seem easy, and the Community reaps the benefit," said Mr. Bender.

Trains from the Florida East Coast and Atlantic Coast Line, as well as trucks from the Army and Navy, are available to the local Committee had they decided to evacuate.

Mr. Richards of the Migratory Hospital reports that a number of sick and lame were taken for during the blow.

An offer was made, Mr. Richards states, to the Pahokee hospital to have their patients moved to the local institution if it were deemed necessary for purposes of safety. The turning of the storm made this unnecessary. The following is a list of the committee:

- Co-Chairman A. E. Kirchman at Belle Glade.
- South Bay, vice Chairman, W. C. Allen.
- Lake Harbor, C. A. Revels.
- Survey Chairman, E. M. Van-Landingham.
- Rescue, Frank Dooley.
- Medical Aid, Dr. W. J. Buek.
- Chief of Nurses, Miss Adelaide Perry.
- Shelter Joe Freedlund.
- Food, George Royal.

Rams Upset Dania 13-6 Instead Of Being A Pushover

Improved Blocking and Tackling Evident But New Line-Up Planned

After the second string line had failed to hold the Rams and South Broward coach sent his first string to "smack" the little boys out of the way, it all ended in a touchdown resulting from a fumble by the local boys.

Cherry romped thru the line for a long gain and then a fumble in the first half, and then a fumble after a healthy gain hit the visitors take the ball. They juggled the ball in the air successfully and hit him over and hit over there if the promised land was reached. They failed to convert for the extra point.

At the third quarter one of the most beautiful plays seen on the local field was executed when Lutz flung a pass 30 yards into the air to Cherry who caught it over his head while going full tilt towards the goal line. Before his momentum could be replaced, Wedgworth at quarter back 30 yards from where he caught it and Lutz rammed it over for the extra point.

Lutz reserves to take up some of the pounding of a team lush with substitutes, Coach Cook hit his fingers till the game was over. The visitor didn't threaten again.

Tackling was reported as better than any game so far, with some back spots on blocking. In an effort to provide an easier winning combination, Coach Cook has made some changes, replacing Wedgworth at quarter back by garden, Wedgworth will hold down the wing position on offense and play in the back on defense.

Pike is being tried in the back field along with garden and Bass is given left guard.

Tonight the boys will battle Ft. Lutz and Ft. Lauderdale and expects to give them a surprise. We hope it is as bad as the one they gave Dania.

Next Friday the boys will take on Clewiston here.

Rams vs Lake Worth at Pahokee Friday night.

Prof. Wodan and Coach Cook have made arrangements with the Pahokee School to use the Pahokee Stadium for the Friday night game on Friday night, November 3rd.

Pahokee will go to Stuart on Thursday preceding this game, and there will not be a game at Lake Worth.

"There are a great many people from this Community who would like to see the Rams play and especially as important a game as this, and who cannot get away in the afternoon. In order to give these people a chance to see this game, we secured the Pahokee Stadium where we can have a night game."

The line-up for this week is as follows:

- Wedgworth LE
- Lloyd LT
- Bass LG
- Cherry HB
- Pike HB
- Kirchman RE
- Waddell RT
- Jeffries RG
- Lutz FB
- Bearden QB

OPA Price Panel For This Community

With the appointment of Frank Dooley, Dr. Tom Brezger and Dick LeFils as a price panel organized supervision of price ceilings are assured for the community covered by the local Ration Board.

The threatened storm prevented the meeting of the organization of the Board and the appointment of assistants, of which there will be five.

There has been experience elsewhere that a great majority of people want to conform and will be in charge of this. There have been a few aggravated cases of price gouging here but it is expected that this will stop when the panel gets going.

OUR COMMUNITY PLEDGE
* I PAY NO MORE THAN THE LEGAL PRICE
* I ACCEPT NO UNLAWFUL GAINS
* I REFUSE TO PAY MORE THAN THE LEGAL PRICE
* I REFUSE TO PAY MORE THAN THE LEGAL PRICE
* I REFUSE TO PAY MORE THAN THE LEGAL PRICE
* I REFUSE TO PAY MORE THAN THE LEGAL PRICE

Fewer Trucks For Long Distance Trips Is Order Of ODT

"The shortage of large tires is forcing allocation of available supplies on a priority basis, and many commodities formerly shipped by truck on long hauls must now be shipped by rail or other means of transportation," says ODT.

"A one hundred million box fruit crop representing a 20 per cent increase in production, as well as similar increases in other crops, must move to the markets this season without the normal supply of large tires."

OPA truck tire emergency plans cooperating with ODT are required to determine that the applicant for large tires cannot transport his commodity in any other manner except by using the vehicle which is in need of tires and that the cessation of that movement would materially hinder the war effort.

Those operators having equipment presently idle for lack of large sized tires should immediately report this fact to the district office of the highway transport department of ODT so that they will have a clear view of day-by-day conditions in various types of motor transport, so that various related governmental agencies may take all possible remedial steps promptly.

This community has had a high percentage of former prisoners and a majority of them have continued under the surveillance of the Board until the probation time is out.

Four Patrol Leaders, Robert Hummel, John Brezger, Merton Rashley and Lee Burke accompanied by Mr. E. C. Minnum, attended a two day conference of Patrol Leaders under the auspices of the Gulf Stream Council at Lake Osborne Saturday and Sunday.

Country Club Board Elects New Officers

Four new faces were present at a regular meeting of the Board of Directors of the Country Club of the Everglades last Friday night when Little Don Van Landingham was re-elected President of the Club.

E. A. McCabe was given the post of first Vice President while Bee Fleming was given the second vice presidency. Hitec Hitchcock was elected Secretary and Treasurer, and Herbert D. Beck, Attorney.

R. Y. Creech, H. L. Haney, Bee Fleming and Huck Taylor were the four new directors. The Committee Chairmanships were designated as follows:

Harold Rubin, Finance; Billy Weeks, Greens; O. G. McWhorter, Entertainment; Bee Fleming, House; Luther Jones, Publicity.

The directors also voted unanimously a complimentary full membership to Prof. Frank Hobson and Coach Cook of the local high school.

The pastor, or recognized leader of all churches in the area from Clewiston to Canal Point were given complimentary membership also by the Board unanimously.

A unanimous vote was given for an invitation to the High School pupils to have their end-of-the-football-season dance as well as the Senior-Junior prom at the Club.

Important regulations concerning the use of the club and house rules were decided on and these will be placed on the official bulletin board.

The Entertainment Committee announced that the Boca Raton Band, with the negro pianist and entertainer will feature a dance this coming Saturday night. The dance is in honor of the new officers.

Clarence Throp, in charge of the Water Works had been on continuous duty for three days and two nights Thursday afternoon and had a new worry, not by the storm, but caused by the storm.

Because there are more pumps into the Hillsboro than the channel can take care of downstream and crops all along both sides of it for ten or twelve miles were at the mercy of the threatened overflow of its banks, the U. S. Engineers, at the request of local farmers, let the Hurricane gauge and fine roots of water plants to completely shut off the inflow from the Hillsboro.

This reversal of flow brought a very strong current through the intake of the water works, which is about eight feet deep in the water, enough nigger wood and fine roots of water plants to completely shut off the inflow from the Hillsboro.

Clarence, son of Mr. and Mrs. R. W. Kidder, has successfully completed 1-1/2 years of V-5 Naval preflight training at the University of Chapel Hill, N. C. He was one of the 38 students out of 80 who completed the preflight program and will now enter the University of Georgia at Athens, Ga., on November 30th as an aviation cadet. He will arrive here next week for his first day leave. While at Chapel Hill Clarence was a member of the Methodist church, was active in the Wesley Foundation, the youth's center for Methodist University students and played center on the third football spring.

"Thought I would write and

Hurricane's Edge Finds Precautionary Measures Taken In Glades Area

Horses! Horses! Where Are The Horses?

Several embryonic cattle barons, and owners less romantic businessmen took unusual precautions to keep their pet saddle ponies from harm during the most recent threatened hurricane.

Along with 750 negro field workers there were four ponies in the Wedgworth packing house on Wednesday night with attendants to feed and water.

The ice plant held two, warmly blanketed, but secure from the winds. There is no report as to whether they have developed pneumonia as yet.

It is reported that only the indignant refusal of packing house owners prevented the driving of a herd of 300 from the big express to be housed here.

Crop Loss Underestimated; Depends on Weather for Next 48 Hours

With a touch and go condition for eighteen hours, when a slight northeast curve in the path of the hurricane would have brought its center right down the 100 foot Main street of Belle Glade, the Red Cross Disaster Relief Committee stuck to its guns in a decision not to officially evacuate this area.

"We must prepare for a full hurricane in whatever decision we make" was one Committee members statement during the debate concerning evacuation.

Previous study had convinced the Housing Committee of the Red Cross set-up that there are a number of buildings in the Community safe enough to house citizens during a normal hurricane, and these were made ready to receive what customers there were.

The Osceola Migratory Camp, the High School Building and Town Hall were officially designated as refuge centers for the whites. The Okeechobee Migratory Camp, Wedgworth's Packing House and Hector's buildings were designated for the negroes.

Approximately fifty whites stayed at the school house with a very few at the Town Hall. There were two or three hundred in Hector's and up to six or seven hundred in the Wedgworth house, while the Okeechobee Migratory Camp housed approximately 1,000 above its normal population. There were, in all, about 2,500 colored persons in the colored Migratory Camp.

Manager Earwood of the Okeechobee Camp provided hot soup for the colored at his camp and gave the grown-up, hot coffee and bread.

There were about 250 whites at the school house, and a great number of whites stayed at home, as did quite a number of negroes, especially after midnight broadcasts indicated the storm would pass to the west of us.

There were altogether approximately 2,000 negroes moved to places of safety for the overnight stay. Individual farmers used their own trucks to haul their hands some came in their own cars, and the Transportation Committee composed of Ray Whitlock and Cliff Livingston moved several hundred who wanted it.

In all of this temporary migration there is a report of only three cases of disturbance. Two lousy youths got hot with each other over the attention of a "high value" and ended up in

next meeting would be held on November 9th, at which time Mrs. C. E. Reidel, president of the Club for six years, would be honored with a handkerchief shower. Mrs. Reidel has just returned from Mayo Clinic in Minnesota. All members and friends are cordially invited, stated Mrs. Waddell. At this meeting also, three prizes will be awarded for mixed bouquets and a round table discussion will be held on garden flowers for this area.

P. T. A. HOLDS MEETING
The following committee chairman for the coming club year was announced by Mrs. H. D. Stevens at the regular monthly Parent Teachers Association meeting recently: Room Mothers, Mrs. C. A. Thompson; health, Mrs. Lawrence Hughes; welfare, Mrs. J. W. Rashley; safety, Mrs. N. T. Taylor; publications, Mrs. B. S. Clayton; program, Mrs. G. R. Townsend; cafeteria, Mrs. Kenneth Lutz; library, Mrs. J. A. Pike; publicity, Mrs. R. L. Murray; citizenship, Mrs. I. E. Hamilton; membership, Mrs. Clyde Doolittle and Mrs. Jack Royal.

The resignation of Mrs. J. W. Rashley as Historian was accepted with regret and Mrs. Geo. Royal was appointed by the president to fill the vacancy. In the report on the school cafeteria, Mrs. Stevens stated plate lunches were being served to an average of 410 students. Application has been made to the Federal War Aid Program for financial aid, and it is expected to be accepted, otherwise the price on lunches will have to be advanced," stated Mrs. Stevens. The membership committee reported 170 paid up members at present.

The plan of the program committee of alternating with business and program meetings was accepted, with the next meeting, an evening one, being a program meeting.

JAX ... a Great Beer at No Premium Price!

GREAT... because JAX combines choice natural ingredients and superb brewing skill. GREAT... because JAX reaches you fresh from careful aging in our cool, dark cellars. That's why every unit glassful has so much zip and sparkle!

*** Long ago, the JAX Brewing Company decided to limit the sale of JAX to an easily accessible area, so that JAX could always reach beer-lovers at the peak of flavor-perfection. This means JAX never travels far from home—and also means no long-distance shipping charges—or "premium-pricing" added to the price you pay.

*** That's why—when you say "Make mine JAX!"—there's a mellow, friendly echo that answers, "You can't buy better beer no matter what you pay!"

Where Thanks Are Due

A country grocer recently said to a somewhat irate customer: "If you had to keep track of all the rules and regulations that I get from those pencil pushers in Washington, you would be more lenient in your attitude toward the merchant. Men who apparently know nothing about meat cutting, tell us how to cut meat, what cuts we can keep in our show cases, and how we can prepare it. We are glad to help ration supplies and control prices but the rationers and price fixers ought to be required to have some practical experience before they are allowed to make their fancy rules and regulations."

We can all allow for many mistakes under the price control act, but we never want to accept the idea that after the war it will be necessary to continue indefinitely the restrictions which the buying public and the producers and merchants have had to endure.

Rationing and price control have been a success because of an efficient retail merchandising system which was able to carry out a rationing and price control program which, without the cooperation of the merchants, would have been impossible of accomplishment. The nation has its merchants to thank for the unprecedented distribution of necessities and luxuries which it has enjoyed during the war emergency.

Blessing In Disguise

For ten years prior to World War II, the chain stores of the nation were persecuted by political agitation for punitive tax laws to put them out of business on the ground that they discouraged the so-called independent store. But chain stores did not destroy the independents and had not retail monopoly, as independents did over 75 per cent of the nation's business. The well-managed independent store could hold down overhead and render personal services in ways impossible to chains. Also, by organizing group buying, independents could purchase on a basis of equality with chains.

The result of chain store development was to increase not only their own efficiency, but the efficiency and competitive characteristics of the independent. Punitive legislation and regulation that injures chain store operation, is detrimental to the consuming public because it destroys legitimate competition.

Boost Our Own System

Government has grown to be such a giant in this country and has so many millions of persons on its payroll, that it is the biggest problem business and industry are going to have to contend with in the so-called readjustment period.

Already there is an army of economic planners at work to keep the check rein of government on every private activity. This will be done under the guise of preventing inflation, and creating employment. Business and industry will have to figure out ways to operate and exist and employ labor and pay taxes, in spite of all the plans that all the planners can heap upon them.

Very few of the planners are sincerely outspoken in their desire to restrict government competition or domination of business, and encourage the individual to go out and try to create the post-war jobs and production which they talk about.

Most of the planners, by innuendo or plain threats, say that if business doesn't maintain record employment, government will. And many of them seem to be hopeful that they can lay enough stumbling blocks in the way of private enterprise so that they will have an excuse for saying that government must take over.

Imagine the spirit of optimism that would prevail in this nation if business and industry felt that our government and the powerful bureaus that now dominate private enterprise under fair and reasonable regulation. If risk capital was encouraged to take a chance, it is safe to say that our natural resource industries would experience new growth after the war, as the world is going to want the products of our mines, farms and forests in unheard of quantities, in exchange for the goods that they must sell to us. Why not uphold the American system for Americans, instead of aping in so many ways the socialized systems of Europe, where some bureaucrat throttles the opportunity of the individual? It is time the people of this country began to work to save our own American system, instead of adopting alien philosophies.

You Eat Labor Costs

In the campaign to hold down the cost of living as the labor cost in production has gone up, the farmers the labor cost in production has gone up, the farmers of the country have been put in an unfavorable position.

Hundreds of thousands of farmers who produce a great portion of the nation's food, used to have a "hard hand" who received \$40 or \$50 or \$60 a month and room and board—and this meant more net income for the worker than two or three times that amount in a city.

Today the farmer pays double and triple these pre-

war wages, and \$1.00 an hour for inferior "extra help."

All the price ceilings, rationing and restrictions in the world won't produce food, and the cost of food must be based on the cost of production or there won't be any food. So if food prices have increased higher proportionally than other prices, it is simply because farm labor has increased more proportionally than in other industries.

CINEMATIC CHATTER

By Malcolm Millar
 Cinema fans will rejoice in the news that the long looked for and much sought after "Cover Girl," in beautiful technicolor, comes to the Everglades Theatre for a two day run starting next Sunday. This gorgeous picture stars Rita Hayworth, Jinx Falkenburg, Leslie Brooks, Noel Cugat and His Orchestra, 15 National Champion Cover girls, besides a host of Hollywood's cleverest motion picture players.

It's a great story with a real plot and the show is filled with song numbers written specially for this picture. The ladies in the picture will fill your eyes brimming full and the Technicolor puts the final touch of glamour to the picture.

Tuesday-Wednesday
 "COVER GIRL"
 (In Technicolor)
 With Rita Hayworth, Jinx Falkenburg, 15 National Cover Girls,

Tuesday-Wednesday
 "HOUR BEFORE DAWN"
 With Veronica Lake, Franchot Tone also
 "MYSTERY OF THE 13th GUEST"
 With Dick Purcell, Helen Parrish

Thursday-Friday
 "THE CURSE OF THE CAT PEOPLE"
 With Simon Simone, Kent Smith

also
 "CHARLIE CHAN IN THE SECRET SERVICE"
 With Sidney Toler, Gwen Kenyon

Saturday
 "GUNS OF THE PECOS"
 With Dick Foran

Second picture up is "Mystery of the Thirteenth Guest" which stars Dick Purcell and Helen Parrish and also boasts an excellent cast of supporting players. This is a murder mystery with plenty of suspenseful action to keep you interested throughout.

Thursday-Friday also features a double bill. First one up stars Simon Simone once more in this series. Picture is "The Curse of the Cat People." Kent Smith is

her leading man and he is very good. If you liked the original "Cat People" you will like this one.

Second feature up on this bill is "Charlie Chan in the Secret Service," which features the ever

popular Sidney Toler. Toler has Gwen Kenyon as his leading lady and she turns in a masterful performance. In fact, every player in this picture acquires his or her sell in the unraveling of this very interesting mystery, which Charlie Chan manages to unravel after many set-backs and much excitement.

Saturday brings Dick Foran back to the screen. Dick is remembered by nearly every Western fan for his many fine pictures made a few years back and dealing with the wide open spaces of the West.

THE OLD JUDGE SAYS...

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of these stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men... and that is that the men who leave their homes and families to go

away and fight this war don't want to come back and find that prohibition has been put over on them while they were away... either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

This advertisement sponsored by Conference of Alcoholic Beverage Industries, Inc.

The infant son born to Mr. and Mrs. H. L. Marlowe, Jr., Thursday, October 12, died on Friday. Burial services were conducted Sunday afternoon. Rev. David Lynn, pastor of the Baptist church, reading the service. Burial was at Port Mayaca. Besides the parents, a brother, Royce Gerald, is left to mourn his passing.

SOUTH BAY BEAN CITY LAKE HARBOR

Kenneth Warren has gone to Miami to enlist in the U. S. Navy.

Mr. and Mrs. Walter Greer have purchased a farm near Jamestown, Ala., and left last week with Mr. and Mrs. Claire Green to visit Mr. and Mrs. C. E. Miller and complete arrangements for taking over the farm.

Howell Goodbread, U. S.

Rev. Cain, Assembly of God pastor at Hooker's Point, left recently to accept a pastorate in Jacksonville.

Mr. and Mrs. J. W. Strickland motored his mother, Mrs. O. L. Strickland, to her home in Orlando Sunday and visited her brother, Wallace Garrett, at the hospital at Banana River.

Mr. and Mrs. Jim Hunter of Naples were the week end guests of her brother, W. C. Allen and family.

Mr. and Mrs. John R. Crow and son are planning to move from Moore Haven to Miami

in the near future where Mr. Crow will be employed by the Eastern Air Lines.

Mrs. Edmund Leathlean and children accompanied by Miss Audrey Best spent the week end in Ft. Myers with her mother, Mrs. Handley.

Lt. Eugene Hatcher, who is home on a furlough, has been visiting friends in this vicinity.

W. C. Martin, stationed at Miami, visited his brother, O. H. Martin and family over the week end.

Mrs. Louise Herring and Mrs. J. C. Summerlin, spent the night recently in West Palm Beach as the guests of Mrs. Mildred Munn.

Mrs. H. O. Mitchell has returned from Miami where she visited her daughter, Mrs. Norman Dalrymple, who is ill.

Mrs. C. B. Higginbotham is recovering from burns received from an explosion of a flooded gas oven which she was attempting to light.

Harry Mitchell has returned from the hospital in Miami where he has a patient.

Marvin Richards and James Jerold Tryon have returned from a business trip to St. Cloud.

The newly appointed Chief of Police, formerly of Dallas, has taken up his duties at South Bay.

George Hudson Victim of Invasion

George W. Hudson has received word that his son, George W. Hudson, Jr., had his right leg shot off in the invasion of France on July 22. He was picked up by two stretcher bearers, who were taking him to the emergency hospital. Just as they were lifting the wounded man over a hedge the two bearers were shot and both killed. In the subsequent fall the wounded soldier had his other leg broken. He is now in Larson General hospital at Atlanta. Mr. Hudson has just returned from a visit with his son, who was flown across the

Oneal Walker In England

Relatives in South Bay have heard from Oneal Walker for the first time in six weeks. He reported that his outfit had landed in England and that he had been in Paris, which was a very beautiful city, also in Belgium and Holland and that he was now in Germany. He remarked that he had just finished reading the Belle Glade Herald and went on to say that when he was home he thought the Herald a very ordinary paper but that it was certainly wonderful when one was overseas.

Truck Crashes into Tree on Road 25

Lucian C. Clayton of Lake Harbor had the misfortune to lose control of his truck on Road 25 about two miles west of Bean City Friday. The vehicle crashed into the pine tree hedge and was badly damaged. Mr. Clayton suffered many cuts and bruises and the negro, Robert Heath, who was also in the truck received a fractured skull. They were taken to the Government Emergency hospital.

THE FLORIDA NATIONAL GROUP Reports to ITS DEPOSITORS

\$153,223,651 Loaned by Florida National Group Banks During the Last 12 Months

This is approximately \$75 each for every man, woman and child in Florida. Of course, the money was not loaned on that basis, but much of it finally reached the pockets of workers, doctors, dentists, merchants and thousands of other individuals because almost all of this money was loaned to businesses, farmers and industries in Florida.

Bank loans stimulate progress when the money goes into the hands of business and individuals who are using it for new enterprises or the development and expansion of established concerns. Instead of being merely dollars, these loans quickly translate themselves into payrolls, supplies, materials—the thousand and one

material things that make up our daily lives.

Think of loans in this light. And then think of the tremendous impetus given to Florida's growth by the vast sum of money made available through the Florida National Group. No other group of banks in Florida can compare with this total of money loaned. We are proud of this because it is clear evidence of our sincerity when we say that we believe that nothing must stand in the way of sound, constructive development of Florida and the Southeast. It is clear evidence that we support this belief by cooperating with commerce, industry, and agriculture by means of loans—the lifeblood of progress.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE SOCIETY

Question—What is the meaning of Isaiah 21:12?

Answer—It reads: "The watchman said, The morning cometh, and also the night: if ye will enquire, enquire ye: return, come."

For one thing, it means that if you wish to ask questions, go ahead and ask them! But remember, we are physically unable to answer the thousands of questions sent in; so our plan is to consider brief questions of general interest. Questions reflecting on religious denominations or upon persons will not be considered.

Q—How can we believe that Providence is just when so many wicked men are never punished?

A—Is not this an answer? "The Lord knoweth how to deliver the godly out of temptations, and to reserve the unjust unto the day of judgment to be punished." 2 Peter 2:9.

Q—Where were horses first used, according to the Bible?

A—The first mention of horses in the Bible is in Genesis 2:17-18, where Joseph traded food for horses.

Q—When Jesus said, "Search the Scriptures" (John 5:39), how much of the New Testament was written?

A—None of it.

Q—Where in the Bible do the prophecies start?

A—In the third chapter of Genesis, intermingled with the historical narrative.

Q—Does the Bible say anything about gossiping? If so, we need the text here in . . .

A—Listen to this: "Thou shalt not go up and down as a tale-bearer among thy people: neither shalt thou stand against the blood of thy neighbor: I am the Lord." Leviticus 19:16. And here is another: "The words of a talebearer are as wounds, and they go down into the innermost parts of the belly." Proverbs 16:22.

Q—Should ministers receive a salary?

A—Not unless we expect them to eat, wear clothes, pay rent, buy gasoline to visit us when we are sick, educate their children, and exist as human beings. If they give their whole time to the ministry, they must certainly be entitled to proper support. The apostle Paul says in 1 Timothy 5:17, 18: "Let the elders that rule well be counted worthy of double honour, especially they who labour in the word and doctrine. For the Scripture saith, 'The labourer is worthy of his reward.'"

"Staghound" Spearheads Allied Thrusts

Fleet and vicious, a 14-ton armored car, called the Staghound, spearheaded Allied thrusts against the enemy in Italy and France. Sponsored primarily by the British government, the vehicle has been a closely guarded military secret for more than three years. It was designed and built in quantity in plants of the Chevrolet Motor Division of General Motors Corp., sole producer in the United States. It combines the features of a tank and a reconnaissance car, according to M. E. Coyle, Chevrolet general manager and a G. M. vice president.

At the left it is shown being tested on the proving ground. Below is one of many huge shipments on the way to the fighting front.

engineers, attorneys and commission members to leave no stone unturned to hasten the pipeline to the Lake? It might be so construed by some.

As there is more than a strong possibility that the Republican Party will control the next United States Congress, the candidacy of Edward W. Greb for Congress in this new Sixth District is highly significant.

The Republicans believe that in Edward W. Greb they have a candidate well endowed with all the qualifications necessary not only to be elected, but also to properly represent the people of the Sixth District with integrity and courage.

Mr. Greb has stated, "Although I have never asked for public office in all my Republican life, I feel thoroughly qualified by background, knowledge and experience to represent the Sixth District. If I did not feel this to be true I would not have become a candidate. I feel honored to have been chosen to become a Republican candidate, to the House of Representatives, and I resigned my duties in Washington only because I felt I could better serve the American people as a Representative in Congress. I believe there should be more business men in Congress."

For nineteen months in Washington, Mr. Greb held the important post of Deputy Chief of Industrial Salvage. He created and developed to a high degree of efficiency, salvage programs and policies of the railroad, shipyards, the petroleum industry, public utilities, mines and more than 70,000 industrial plants engaged in the war effort.

With a record of a little better than six inches of rain for the past several days, and a 1.1 inch rainfall Wednesday night, most farmers were able to keep the water down in the ditches and fairly well off the fields.

The wind recorder at the Experiment Station shows about a 40 mile wind at the highest point at six o'clock Thursday morning the barometer shows a low of 29.48 at about the same time.

Old-timers say that we must have had gusts of around 50 to 55 during the highest winds.

WATER WORKS

(Continued from page one)

Clarence, clad in bathing trunks, has been almost constantly diving to clear the intake, and has kept his assistants busy helping him. Undoubtedly there are numerous drug-store-bench engineers who could have fixed the thing in ten minutes, but most of them had "hot-footed" it away from the storm.

CHRISTIAN SERVICE

HOLDS MEETING

The Women's Society of Christian Service met at the Community church Wednesday of last week with Mrs. Herbert Beck presiding. The devotional period was led by Mrs. Cecil McClure. An invitation was read from Mrs. G. Wood, secretary of this district, to the district meeting to be held in Miami October 19 at the Trinity Methodist church, starting at 10:30. Mrs. Royal read a letter from Mrs. Neller. An invitation was issued by Mrs. H. H. Wedgworth and Mrs. R. W. Kidder, hostesses for the November 8th meeting, to a pot luck luncheon at the Wedgworth home. After the meeting, refreshments were served by Mrs. Jack Royal and Mrs. I. E. Hamilton to the following: Mrs. J. C. Doolittle, Mrs. H. L. Hancy, Mrs. James Ball, Mrs. H. L. Royal, Mrs. N. T. Taylor, Mrs. C. A. Thompson, Mrs. J. O. Jameson, Mrs. Cecil McClure, Mrs. H. D. Beck, Mrs. C. P. Springer and Miss Margaret Haines.

FIGHT AND WHITE

Continued from page 1
Type to one hundred vehicles to a Company, it keeps you pretty busy. We are one of those "mucky squadrons" who were not allowed to go to France and have to stay here and keep the planes in the air. They are really doing a good job, and as a member of the ground force, I am glad that we are able to get to them so easily from here and help out with our bombs and strafing.

"All of us are sweating out a thirty day furlough now and I hope that I will be able to visit Belle Glade by the first of the year. Have been over seas for fifteen months and haven't been home since I first reported to Camp Blanding.

"Had a letter from Whit Brewton and he is back in England and glad to have a few days rest. The forces that he is in have gone through a lot in Italy, Africa and France. He is hoping also to return home on a furlough. The paratroopers are not getting the credit they should, in my opinion, the actual work they did at the beginning of the invasion into Europe was so outstanding that it is impossible for them to receive the praise that they are entitled to."

"A \$64 Question!"

When it comes to the political sun will the Sixth District shine?

VOTE FOR

EDWARD W. GREB

REPUBLICAN CANDIDATE FOR CONGRESS
SIXTH DISTRICT, FLORIDA

GREB knows Washington. Held important post (Deputy Chief Industrial Salvage Dept.) with War Production Board and resigned to accept the nomination.

He is known as a man of ability, excellent character, leadership, adaptability and can think along straight lines. He is a World War Veteran and a member of the American Legion, and now serving in the Coast Guard. Is married and has one son fifteen years of age. He has never sought public office.

EDWARD W. GREB

HE BELIEVES IN

- Constitutional Government.
- Free Private Enterprise without Government participation.
- Open International Covenants. Openly arrived at.
- Real jobs for all at American wages and American standards of living.
- Traditional States Rights.
- Simplified Equitable Taxation and Rigid Government Economy.
- Help for disabled War Veterans and rehabilitation for the maimed.

VOTE FOR GREB ON NOVEMBER 7th.

If you registered Democratic you are still free to vote as you please. GREB Knows Washington . . . Washington Knows GREB
